NRC Log #45 Sold Out! The 45th edition of the *AM Radio Log* is SOLD OUT! The deadline to produce the 46th edition will be August 1. Wayne Heinen is still looking for help with the new *Log*, and you can contact him via email at amlog@nationalradioclub.org or at NRC Log, P.O. Box 473251, Aurora, CO 80047-3251.

From the Publisher: If you have some extra time over the next month of so, Wayne Heinen is still looking for some help updating the *Log* before the next publication date. Please do contact him if you're able to contribute … the more information we can gather from actual monitoring and checking the better and more accurate the *Log* can be.

From postings on the NRC reflector it sure seems like the recent solar flares have produced some serious auroral blackouts and also some rare openings into deep South America. The DX season isn't over just yet! We hope you hear some interesting things even in June, and that we will get to read about them in upcoming issues of *DX News*.

We're now moving towards our monthly issues for the summer … here's hoping for a pleasant, safe, and relaxing summer to all of our members and some interesting DX as well.

From the Archives

90 Years Ago: From the June 1935 issue of *DX News*: The first shortwave DX program broadcast for the NRC was held on the evening of May 18, sponsored by the Reich-Rundfunk Gesellschaft. (Oh my.) The second annual NRC member get-together is scheduled for June 23.

75 Years Ago: From the June 17, 1950 issue of *DX News*: NRC member Charles Hefner of Washington, DC enthusiastically renewed his NRC membership: "That was the best three dollars I ever layed out." The member convention is planned for Buffalo over Labor Day weekend.

50 Years Ago: From the June 16, 1975 issue of *DX News*: Bob Keeney in Lawrence, Kansas heard his first Down Under station in May, 1YA Auckland on 760 kHz dominating WJR at 1054 UTC. Arson is suspected in fires that destroyed two AM stations, WSUF-1580 Patchogue NY and KFDR-1360 Grand Coulee WA. At the upcoming convention in Hartford, there will be multiple bids presented to host the 1976 convention.

25 Years Ago: From the July 17, 2000 issue of *DX News*: Jean Burnell in Renews, Newfoundland logged five X-band stations from Argentina during the auroral conditions on June 10. Mark Connelly road-tested the Palstar R30 at his DXpedition site in Rockport, Mass.; seems the Drake R8A had overall better performance. Sirius Satellite Radio and XM Satellite Radio are both planning to launch by the end of the year.

10 Years Ago: From the May 25, 2015 issue of *DX News*: Plans are underway for the Fort Wayne convention in July. WGAP-1400 in eastern Tennessee has been experimenting with synchronous broadcasting with technology from Kintronic Labs.

All DX News back issues through Volume 91 are available online at https://nationalradioclub.org/dx-news-archives/.

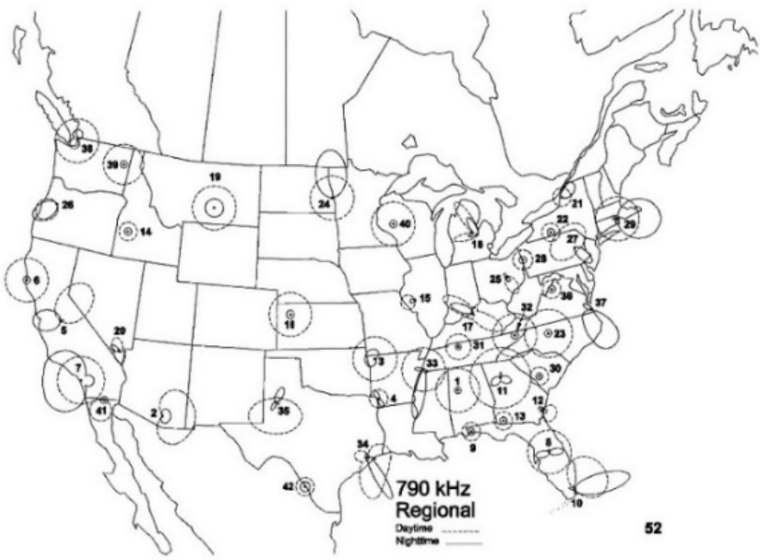
NRC *Antenna Pattern Book* 8th Edition

The 8th Editon of the NRC *AM Station Antenna Pattern Book* is now available. This all-new edition was prepared by Bill Hale and accompanies the 2018 (39th Edition) of the National Radio Club's *AM Radio Log*. The book comes shrink wrapped in 8½ by 11 three hole punch format for placement in your own three ring binder. The book has maps covering 530 through 1700 kHz showing day and night patterns for U.S., Canadian, and selected Mexican and Caribbean stations.



The book is available from the National Radio Club at PO Box 473251, Aurora CO 80047-3251 and Priority Mail to addresses in the United States for $28.95 for members and $35.95 for nonmembers. Canadian orders are US$45.10 and all other countries are US$62.25, both shipped Global Priority Mail.

The Pattern book may also be ordered using Pay Pal from our website http://www.nationalradioclub.org/ at slightly higher prices.

Station News

1270 WUSW NY **Niagara Falls –** Ex-WHLD. As mentioned in DDXD-E 92-15, following purchase of this station by the owners of Buffalo's WECK, flipped as of 6/1 from conservative talk to oldies. // WECK-1230 "The Big Weck." **(MKB-ON)**

The Sound of Silence

570 WIDS KY **Russell Springs** – 6/7 1000 – Silent since at least April 15, 2025. I've checked the FCC database and do not see any new filings from this station. **(JI-IN)**

1470 WGNR IN **Anderson** – 6/7 1000 – Silent since at least March 15, 2025. I've checked the FCC database and do not see any new filings from this station. **(JI-IN)**

UnID

1680 unID -- - 6/3 2243 – 33 minutes (and continuing) of nonstop music: Michael Jackson, Donna Summer, Prince. The Internet revealed a Facebook site for "AM 1680 The WASP" in Brownsville, PA. This was an S7 signal and Brownsville is just 45 miles from me, as the crow flies. No ID or anything other than music, but it could be related. Also, could be connected to a similar logging I reported on 1620 in 92-4. **(JK-WV)**

Loggings

780 WIIN MS **Ridgeland** – 6/2 2114 – DJ with station promo: "This memory is for our friend, Jim ??, 102.1." Music until 2115 power/pattern change. **(KVJ-GA)**

WPTN TN **Cookeville** – 6/2 2051 – "Cookeville's Greatest Hits, 1061 The Eagle" slogan into classic rock. **(KVJ-GA)**

800 WBHP AL **Decatur** – 6/2 2018 – "Rich on Tech" program, ad for Kardia.com, "Newsradio 800 WBHP, the Big Talker" ID. New call, ex-WHOS. **(KVJ-GA)**

830 WTRU NC **Kernersville** – 6/1 2031 – "We are the Truth Network" into religious program "The Verdict." **(KVJ-GA)**

850 KOA CO **Denver** – 6/4 2248 – Good signal after KFUO s/off, promo for Medal of Honor program, into "Broncos Country Tonight," ID as "Home of the Broncos, KOA." **(KVJ-GA)**

KFUO MO **Clayton** – 6/4 2219 – Blasting in with local-like signal, religious music, ID as "KFUO, listen 24 hours on 105.3 in South St. Louis"; music until 2230* sign-off, mentioning 105.3, 104,5 and in St. Charles County, 92.7. Also mentioned live-stream at KFUO.org and owned by the Lutheran Church, Missouri Synod. **(KVJ-GA)**

910 WSEK KY **Burnside** – 6/4 2357 – Country music, "Icons 910," "The music that made Lake Cumberland great" slogans. New log. **(KVJ-GA)**

940 WADV PA **Lebanon** – 5/29 1648 – Coming in very well on the Sony ICF6500W, which was exhibiting good nulling and signal grabbing ability.

Nonstop gospel for south central PA; mostly easy with some upbeat tunes. Two hours of music with no commercials or PSAs; just a couple IDs. I wish more people could listen to this station. **(JW-PA)**

960 WFIR VA **Roanoke –** 6/3 2231 – Weather forecast. "Weather every 30 minutes on News Talk WFIR, you can depend on it" slogan. **(JK-WV)**

1200 CFGO ON **Ottawa** – 5/23 0610 – Over usual pest WMUZ with NHL Stanley Cup playoff talk, "TSN 1200" slogan. **(MKB-ON)**

1240 WJEJ MD **Hagerstown** – 5/26 2050 – Coming in weakly with American Standards sounds; getting tread on by several others. Sneaking through with a nice ID on the hour as "WJEJ Hagerstown." **(JW-PA)**

WRTA PA **Altoona** – 5/12 0934 – Intermittent reception with several others fading in and out. Call sign ID at this time. **(JW-PA)**

WOON RI **Woonsocket** – 5/28 2110 – Very weak with "WOON radio" ID just popping up. **(JW-PA)**

1260 WMCH TN **Church Hill** – 4/29 0658 – religious programming with ID: "...WMCH...." and "....wmchradio.net...." and advertising to purchase time to broadcast church services including the radio station's phone number – 357-5601. Linrad Diversity Reception nulling out local pest WNDE, Indianapolis. **(JI-IN)**

WDKN TN **Dickens** – 6/5 0715 – "101.5 The Ride" slogan and "More of the best music ever recorded now" into classic rock. **(KVJ-GA)**

WWVT VA **Christiansburg** – 6/2 0645 – "This is WWVT-Christiansburg" ID with local weather for Roanoke and Christiansburg. **(KVJ-GA)**

1340 WEPM WV **Martinsburg** – 6/1 0628 – Local ad for the Marshall Cafe in Huntington, WV. 690 miles. Logged about two hours after CME hit Earth. Local pest WMUN, Muncie, IN is non-existent. **(JI-IN)** [Martinsburg is in the far Eastern panhandle of WV and nowhere near Huntington; WCMI Ashland KY is right across the river from WV and much closer to Huntington. – DY]

1390 WKLP WV **Keyser** – 6/2 2150 – Call sign and some mention of Allegheny Community. Another ID on the hour. **(JW-PA)**

1400 WBAT IN **Marion** – 5/31 0700 – ToH ID: WBAT 1400 Marion," also mentioning "105.5" into oldies format. **(JI-IN)**

1430 WEIR WV **Weirton –** 6/5 0556 – Ad for Erb Electric, a local Generac Dealer, into oldies music. I was surprised by the ID: "Good Times and Great Oldies, 101.1, 100.9, 1290, and 1430 River Talk." I'm used to hearing talk, and sports (Pirates Baseball, for instance). Things must change in the overnight hours. **(JK-WV)**

1450 WPGG NJ **Atlantic City –** 5/22 2204 – Fox News, "WPG Talk Radio 95.5 and the WPG Talk Radio App" slogan into "The WPG Talk Radio 95.5 AccuWeather Forecast for South Jersey." **(JK-WV)**

1490 WMRN OH **Marion** – 6/7 1330 – ID: "News Radio 1490 WMRN Marion" into oldies. Fox News at the top of the hour. **(JI-IN)**

Very strong with deep fades. **(JK-WV)**

1570 WYTI VA **Rocky Mount** – 5/23 2159 – Mixing with UNIDs (talk, other talk, gospel singing and classic rock songs), ToH ID and station promo: "... you love. Rocky Mount AM 1570 and FM 104.5...it's another classic country weekend on WYTI." **(KK-VA)**

1580 WXGT OH **Columbus** – 5/23 2145 – Mixing with WJFK and UNIDS (other talk, singing and C&W singing) with Spanish songs, male in Spanish mentioning "La Raza." At 2202 male with ID in Spanglish: "This is WXGT 1580 AM...92.9 FM..." **(KK-VA)**

1590 WNRN VA **Richmond** – 5/23 2021 – Mixing with WHGT, WAKR and several UNIDs (talk, more talk, road racing sporting event, classic rock and Spanish singing) with station promo mentioning "9... 9 this is Commonwealth music." According to https://wnrn.org/on-the-air/, this is WNRN. At 2028 station promo: "WNRN presents... at the Richmond... coming up July 23rd." At 2100 female with ToH ID: "Listener supported independent music radio" followed by male "WNRN

Richmond," then back to female "WHAN Ashland. Listen online and become a member at wnrn.org. And now..." First time heard since call sign change from WFTH. **(KK-VA)**

1600 WTZQ NC **Hendersonville** – 5/29 2133 – Presumed in multi-station mix with female "... on 95.3 FM and AM 1600..." **(KK-VA)**

WTTF OH **Tiffin** – 5/29 2022 – In multi-station mix (WWRL, WCPK, C&W singing and other UnIDs) with Beatles song, male "AM 1600 and 93.3 WTTF" ID at 2031 into "Daydream Believer" by the Monkees. **(KK-VA)**

WKKX WV **Wheeling** – 5/29 2042 – Presumed in multi-station mix (see above) with mention of "FM 98.1, AM 1600..." **(KK-VA)**

1650 CINA ON **Mississauga** – 5/25 2220 – "You are listening to Seena radio, and I am your host, Mavi" Bollywood hits program. **(JK-WV)**

- - - NOTES FROM CANADA - - -

Jon Pearkins jon@pearkins.com

The Stanley Cup championship best of seven games started June 4 at 8:00 PM in Edmonton. The same teams are playing as last year: Edmonton Oilers and Florida Panthers. But this year, the Oilers have home ice advantage, with Games 1, 2, 5 and 7 in Edmonton. **CHED-880** will be airing all the games but **CKJR-1440** will also be spending most of their local programming time on the Oilers. All times are Eastern Daylight Saving Time.

880 CHED AB Edmonton – Play-by-Play, Pre-Game and Post Game shows for the Edmonton Oilers NHL hockey team repeatedly mention 'Rogers SportsNet,' despite the fact that Rogers is a direct competitor to CHED's owner, Corus. Rogers owns the broadcast rights for all Canadian NHL teams, but uses CHED for the Oilers because they do not have a suitable station of their own in Edmonton.

920 [CBKG] BC Granisle – Is off the air permanently, having completed the three month simulcast period with the new CBYG-FM-4.

980 CKGO BC New Westminster – On May 15, the CRTC announced the retroactive revocation of the broadcasting license of CKGO, effective March 11, as requested by station owner, Corus Entertainment. As CKNW, the station was first licensed in 1944 on 1230 with 250 Watts. It subsequently moved to 1320, then 980. The current CKNW-730 is licensed to Vancouver, and was originally licensed in 1955 as CKLG to North Vancouver on 1070.

1070 CFAX BC Victoria – The call letters have been pronounced 'Sea Facts' since the station first signed on, before fax machines were commonly available. Long-time owner Mel Cooper passed away in February at the age of 92. He bought the station in 1974 and sold it to CHUM in 2004, after working his way up to General Manager at CKNW.

1440 CKJR AB Wetaskiwin – Recently expanded their Fox Sports Radio programming while cutting back on local programming to 0900-2000 weekdays and just a few hours on weekends.

1570 CJLV QC Laval – Was off the air from May 26 until the evening of May 30.

1580 . . . . AB Rumsey – Broadcasting from 2009 until the summer of 2020 when the transmitter was destroyed by lightning, there are currently no plans to replace the transmitter since listeners have transitioned to live audio streaming from the rumseyretro.ca web site. Feeding a 55-foot tower from a 100 mW transmitter, they claim that they were regularly heard 35-60 miles away. The transmitter was a Chezradio Procaster. Rumsey is midway between Stettler and Drumheller.

- - - U.S. STATION NEWS - - -

830 KDRI AZ Tucson – Receiving this every night lately. Probably a transmitter/antenna issue? They are licensed U2 50000/1000 with night pattern headed 160°, so not a likely catch for me. **(MR-UT) [**Since thay have no STAs on file, it may be they are failing to switch to their night authorization , or . . . their phasor is out of whack?? – **BH]**

1050 WJSB FL Crestview – 4/26 0809 – Curious if the NRC AM Log entry stating **0700** local sign on is true. Kinda. Abruptly up at **0809**, three minutes after local Crestview sunrise this day. The 101.1 translator was on (24/7?) earlier checks, though off pre-sunrise another day. The 1050 kHz transmitter closes at, or about sunset per a couple of previous checks and the translator remains on as that is legal. **(TK-FL)**

1160 KSL UT Salt Lake City_ 5/13 0125-rest of night – OFF ALL NIGHT – only signal I got on the channel was an UNKnown with loop facing East. After living in SLC for over 30 years, I've been waiting for KSL to be OFF THE AIR. It Happened! **(MR-UT)**

1180 KOFI MT Kalispell – 5/24 0534 – One minute ABC News, delayed from **0530** to avoid cutting off an Oldies song, then back into Oldies. Their talk programming ends at **0500** daily, at the end of Coast to Coast AM, then back into their regular format of Oldies music. Still running 1 kW but the new 50 kW transmitter is due to arrive soon. **(JP-AB) [KOFI's** May 16 STA extension request states that ". . . construction of the new transmitter building is well underway. Further, the 50 kW transmitter was ordered months ago and is in the process of being built. According to the manufacturer, KOFI may expect delivery of the new transmitter in approximately twelve (12) weeks." So that means an August delivery date, plus a month or so for testing puts them around September or October to return to their **U2 50000/10000** operation – **BH]**

1320 KNIT UT Salt Lake City – Noted **SILENT** for a while. Reason unknown. **(MR-UT)**

1450 WZGX AL Bessemer – 06/01 0835 – Gospel music, which usually is Mexican Radio Estrella Alabama. ID: "Greenville knows Gospel music, that's why they listen to the Big KD." Matched usual // WALQ-1130. The 'Big KD' is WZKD-950, with the same owners. This happened before on **12/29** which also was a Sunday. Clearly not a DX signal, but another feed error, or is this regular on Sundays? Will keep checking. **(EB-AL)**

1550 KMRI UT West Valley City – After being ~~SILENT~~, **IS BACK ON** with **Sports Talk** programming (ex: Talk). **(MR-UT)**

- - - TENTATIVE - - -

1570 WGLL IN Auburn – 6/6 0248-0300 – Very weak, with male preacher, then @ **0259**, preacher said there'd be another speaker. Then a quick ID sounded like: "Tree Broadcasting Network" with no calls. No live announcer, which fits the 3ABN format per their website. **Tentative. (NB-WI)**

- - - UNID - - -

1010 UNID **– 5/9 0209 –** Seemingly syndicated C&W music program with male host, very poor and in only briefly with some WINS co-channel. Pointing about N/S and suspect WORM, Savannah, TN (250/27 watts), but no functioning stream to try to confirm. **(TK-FL)**

1240 UNID **– 4/23 0658 –** The mystery Oldies format continues . . . poorly on fade- ups. 'Crazy On You' by Heart at tune-in and other oldie pop/rockers, like Culture -Club's 'Karma Chameleon' on another fade up. 'Capital One' spot, then another with a woman end-tagged ". . . right here in (something)ville?" Not parallel any Oldies stations with functioning streams, pointing pretty much due north/south. **(TK-FL)**

- - - DX LOGGINGS - - -

560 KLZ **CO Denver – 5/17 0626-0633 –** Program talking about trouble spots around the world for Christian Religious Freedom ran right across the bottom of the hour without interruption. Checked on-line program schedule of KLZ, KPQ, WEBC, KWTO, KBLU, WIND, WFIL and WMIK but nothing matched what I heard. Based on the large amount of religious programming on KLZ's sister stations in Denver, concluded that this must have been KLZ, despite no listing of any religious programming, based on the direction of the signal and the poor conditions, confirmed by a recording made at the same time by a DXer in Seattle, who also eliminated KPQ as a possibility; KMON was mixing sometimes, eliminating them. **Logged again on 5/22 from 0059-0100 –** KLZ owner "Crawford Broadcasting" featured as behind 'Save Our Soldiers' during a 30 second promo. Then at least five mentions of KLZ call letters in less than 20 seconds. Top-of-Hour ID mentioned 560, their FM translator on 100.7, and an HD channel. **(JP-AB)**

780 WIIN **MS Ridgeland – 05/06 1411 –** Very weak Blues music, matching webstream. First daytime log, on 100 ft wire. **(EB-AL)**

840 KVJY **TX Pharr – 5/12 0554 –** Slow Spanish Christian praise vocals; 'Radio Aleluya' slogan, mention of "840 AM" and something address ". . . "Boulevard." Top-of-Hour Legal ID in Spanish. **(TK-FL)**

850 KOA **CO Denver – 5/12 0600 –** Good with "KOA, Denver, 850 AM" at tune in, dumping to ABC News. **(TK-FL)**

910 WBZH **WI Hayward – 5/22 0624** – "Northern Wisconsin and Hayward is under a frost advisory." Poor, with WFDF in back. **(JJR-MI)**

930 WGAD **AL Rainbow City – 05/29 1920 –** On the air for more than a month now, not just a one-off to keep the license. 'Rocket Man,' slogan: "This is Classic Hits" and sung "WGAD." Fair on caradio. **(EB-AL)**

930 WMGR **GA Bainbridge – 5/20 0126 –** Faux C&W vocals, male sweeper "WMGR 99 point 3" and back to fake C&W. Over/under even more painful WFXJ. **(TK-FL)**

940 KGMS **AZ Tucson – 6/3 2325 –** 'New Life' Program. Fair, confirmed by internet stream. **New for me.** **(EC-CA)**

960 KFLN **MT Baker – 5/22 0200 –** Nice clear "This is Real Country …" then FOX News musical intro, during CFAC momentary dead air and fade, with antenna E-W for best null of CFAC. Common here whenever KFLN is running their non-directional 5 kW day power at night. **(JP-AB)**

960 WTCH **WI Shawano – 5/20 0634 –** Poor, with 'I Fell in Love' by Carlene Carter, calls and time, all with up-tempo host. In-out, with WSBT. **(JJR-WI)**

1030 KBUF **KS Holcomb – 5/24 0608 –** With calls after 'Queen of Hearts' by Juice Newton. WBZ gone. Poor. **(JJR-MI)**

1050 WWIC **AL Scottsboro – 4/24 1952 –** Very weak under WJSB, Crestview, Florida, as sunset nears. C&W song followed by male: "104-5 Real Country" slogan. WJSB is scheduled to close down at local sunset (1920 CT this day), but vanished at **:14** mark – close enough I suppose – leaving mostly just WFAM thereafter. **(TK-FL)**

1050 WJOK **WI Kaukauna – 5/24 0700 –** Poor, with Legal ID, into Relavant Radio news. (This was their first network affiliate in 2000). **(JJR-MI)**

1060 WQMV **TN Waverly – 5/4 0137 –** CCR's 'Suzie Q,' then sweeper with FM, AM and calls. Parallel station stream. XECPAC nulled. Obviously cheating at 1000 vs. 4 Watts. **(TK-FL)**

1130 CKWX **BC Vancouver – 5/23 0623 –** News, weather, ads, Business report, etc.; heard several IDs as simply "News Radio" and one as "News Radio Vancouver and Calgary," although all datelines and ads were for Vancouver, with not a single Calgary reference. Fair signal with no fading for several minutes. **(JW-CO)**

1190 KASZ AR White Hall – 4/23 0602 – AC/DC's 'TNT' segued to 'Little Queen' by Heart. Parallel 'Arkansas Rocks' net feed. Not a new one, but former logs were as previous calls KJJI. **(TK-FL)**

1190 WNWC WI Sun Prairie – 5/22 0650 – Poor, with 'Faith Radio' REL teaching, now replacing WPVW. WOWO gone. **(JJR-MI)**

1200 WFCN TN Nashville – 4/23 0620 – Brokered 'The Journey with Steve DeWitt' (Christian talk), parallel station stream and listed schedule. **(TK-FL)**

1210 WJNL MI Kingsley – 5/22 0616 – "Wine Country Radio" between C&W songs. Poor. **(JJR-MI)**

1230 WKWL AL Florala – 05/24 0603 – 70s/80s Oldies – Sting: 'Russians,' and 'Heat of the Moment' by Supertramp; no IDs. Found no matching webstreams until I tried the one marked "Rep. silent" – bingo! Reactivation! Weak and fading in the mix, impossible if it weren't for the reognizable tunes. I monitored the webstream for quite a while, no spoken content, not even commercials, only ToH IDs spoken by Florala VIPs, such as the mayor, the high school principal, etc. **New! Alabama #84. (EB-AL)**

1230 WKWL AL Florala – 5/24 1911 – Thanks to an **Eike Bierwirth** discovery, this one is reactivated after ages of silence. Tunes by Tom Petty, Mr. Mister, Blood Sweat & Tears, Terry Jacks, Scorpions, and more Oldie Rock hits. ID and weather by many. Just after the top of the hour, young lady with 'Bama accent: ". . . for listening to WKWL, here in beautiful Florala, Alabama." Fair level with the always off-frequency WDWR Pensacola nulled. A 'Blue Bell ice cream spot, so I am guessing this really isn't just a one day annual POP to keep the license active. **(TK-FL)**

1230 WHOP KY Hopkinsville – 05/20 0713 – Just a very fortunate fade-in of an ID: "Newsradio 99.3 WHOP," then gone again. **New! Kentucky #21. (EB-AL)**

1230 WBOK LA New Orleans – 05/24 0621 – Urban Contemporary music, "Thanks for listening to WBOK," WBOK merchandise on WBOK.com, fair in the peaks. **(EB-AL)**

1230 WSOO MI Sault Saint Marie – 5/22 0615 – ". . . up-to-date forecast from 1230 WSOO" over anything. Poor. **(JJR-MI)**

1230 KGHS MN International Falls – 5/27 0721 – "1230 AM and 95.3 FM" into 'Let's Hang On' by the 4 Seasons. Poor, but Alone. **(JJR-MI)**

1230 KTRF MN Thief River Falls – 5/22 0729 – Mentions of 'Little Falls' and 'Southeast Minnesota,' with calls later on. Poor, with others. **(JJR-MI)**

1240 WATT MI Cadillac – 5/26 0734 – 'Michael Patrick Shields' (A morning talk show's only affiliate.) Poor. **(JJR-MI)**

1240 WEKR TN Fayetteville – 05/25 0653 – Emerging from the mix, with "Classic Rock right now on 98.5 The Elk" into 'We Will Rock You' and fade out again, replaced by more common WENK. **New! Tennessee #54 (and TN #3 on 1240). (EB-AL)**

1250 WTMA SC Charleston – 06/01 0506 – ID: "WTMA and WTMA.com," jingle "WTMA," switch to Red Eye Radio. Strong, fighting with a co-channel Radio Maria. **(EB-AL)**

1260 KKOO ID Weiser – 5/10 0735 – "Kool 101.5" ID, followed by a song by Supertramp. Fair-to-poor signal. **(JW-CO)**

1260 KDUZ MN Hutchinson – 5/22 0708 – "Classic Hits KDUZ weather." Not in too much. Poor, where others are usually heard. **(JJR-MI)**

1260 WOCO WI Oconto – 5/22 0800 – Very poor, playing polkas, then Legal ID, followed by Wisconsin Radio Network News. Lost at **0801** to WLAK's power up. **(JJR-MI)**

1260 KPOW WY Powell – 5/23 0227-0237 – 'Red Eye Radio' (RER) with FOX News at the bottom of the hour, running on 5 kW day power. At **0231**, a PSA for 'Montana Wildlife' threw me off until I remembered the same PSA being aired previously during RER network programming. **RER is new to KPOW** and initially had me fooled into thinking it "must be" KSGF even though their night pattern is not viable from here. **(JP-AB)**

1270 KTFI ID Twin Falls – 6/3 2345 – Religious talk on book of Psalms. Good, mixing in with KFSQ. **(EC-CA)**

1280 WODT LA New Orleans – 05/23 0702 – News about a shooter and a black representative. ID: "Black Information Network," "BIN New Orleans," "From the Bayou to the Block." Quite strong today. **(EB-AL)**

1290 WTKS GA Savannah – 06/01 0533 – Promo for Morning Show on "99.7 Newsradio WTKS Savannah" and back to C2C. Dominating, on top of an unID oldies station. When the station mix had changed at **0600**, I heard a slogan "98.7 The River" which I assume was also WTKS, as 'The River' being one of their sister stations. **New! Georgia #47. (EB-AL)**

1300 WOAD MS Jackson – 05/23 0715 – Gospel, matching webstream. Would be a fair signal but covered by WMTN's talk. **New! Mississippi #15. (EB-AL)**

1300 WMTN TN Morristown – 05/27 0632 – Regional news: River rescue, I-40 in Tennessee/North Carolina affected by hurricane Helene. ID: "Morristown's Country Legends 93.3," into Country music. Strong with fading; coping well with usually dominant WNQM. **(EB-AL)**

1310 WTLC IN Indianapolis – 5/20 0647 – Slogan: "Indy's Praise." Later: talk of 'families' and 'Ministries.' Poor, no WIBA. **(JJR-WI)**

1310 KNOX ND Grand Forks – 5/27 0717 – "6:17 at KNOX" into Minnesota sports stories. No WIBA. WCCW in later on. **(JJR-MI)**

1320 WENN AL Birmingham – 5/8 0648 – 'Love Me Forever' by Roger Williams, then 'Mrs. Robinson' and other Nostalgia tunes including Booker T. & the MG's. Slogan: "Beautiful 1320." Very good for a spell. **(TK-FL)**

1320 WMSR TN Manchester – 5/8 0712 – Mostly replacing WENN with ad for something on Highway 31, then man: ". . . faith based . . . now on Thunder Radio, WMSR" into inspirational message moment. **(TK-FL)**

1330 KGAK NM Gallup – 5/29 0517 – Tuned in just as they were giving a full ID resembling a sign-on announcement, including call letters, power (5000/1000), address, owned by KRJG Inc., etc.; the usual mix of Navajo drumming and C&W music followed, with Navajo chatter from announcer "Harrison"; noted one long ad for the upcoming Gallup Lions Club Rodeo (Diamond Jubilee). Good, dominant signal for several minutes. **(JW-CO)**

1340 WYNF GA Augusta – 05/16 0659 – ID: "Black Information Network," 'iHeart Radio app,' "Augusta BIN 13-40." Fair in the peaks. **New! Georgia #46! (EB-AL)**

1340 WMUN IN Muncie – 6/1 2154 – "WMUNMuncie.com" after PSAs and a 'Wendy's' ad into FOX Sports. Poor, with local WJOY off! **(JJR-WI)**

1340 WJRW MI Grand Rapids – 6/1 2121 – "WJRW broadcast" (disclaimer?), then PSAs. Poor, with local WJOY off since 1410! **(JJR-WI)**

1350 WCMP MN Pine City – 5/22 0720 – Poor, with "Your home for Country music is Anthem Country." KRNT usually here. **(JJR-MI)**

1360 WFLW KY Monticello – 05/04 0053 – Country music, a mention of "95.7" leading to a matching webstream. Fair, with fading, just 20 Watts? **New! Kentucky #18! (EB-AL)**

1360 WELP SC Easley – 05/03 2055 – Salvation talk: "Voice of Truth," 'wilkinsradio.com,' for reception problems call 1-888-989-2299. ID: "AM powers down tonight . . . WELP Easley-Greenville, FM translator . . . ." Strong with fading. **(EB-AL)**

1370 WLTH IN Gary – 6/2 2123 – Ad for "Sharon Chambers Insurance, 5275 Broadway in Gary, for 30 years," between songs. Poor. **(JJR-WI)**

1370 WQEZ KY Fort Campbell – 05/04 2134 – Cheesy 80s Pop music, ID: "EZ99.9." Later at **2210**, recognizable songs 'Don't Dream It's Over' matching webstream. 2257 – legal ID: "WQEZ Fort Campbell." Mostly behind WTKY but I have doubts about this being only 53 Watts. Their tower is just across the street from the Tennessee state line. **NEW! Kentucky #20. (EB-AL)**

1370 WTKY KY Tompkinsville – 05/04 2142 – AC/DC followed by Country music? Interesting, or mixing with WQEZ. Legal ID partially heard: "WKWY and WVFB Celina" which are WTKY's sister stations. Also heard a commercial with their area code, so I'm pretty certain on this one, running past daytimer hours. **NEW! Kentucky #19. (EB-AL)**

1380 KHWK MN Winona – 5/20 0656 – Poor, with ". . . this is Real Country. . . ." No calls given. Only fit. No WQHK, etc. **(JJR-WI)**

1380 KRCM TX Shenandoah – 5/8 0659 – "Radio Aleluya" ToH ID, with about 17 stations mentioned, including AMers KRCM-1380, KQUE-980, KVJY-840, and KMIC-1590, followed by SS religious programming. This ID tape may be outdated, as it often is – KMIC reportedly has changed to an Asian format. **(JW-CO)**

1390 KXSS MN Waite Park – 5/22 0748 – "AM 1390 and 93.9 KXSS Saint Cloud" into a 'Home Depot' ad. Poor, but Alone. **(JJR-MI)**

1390 WRIG WI Schofield – 5/22 0700 – Legal ID (?): "WRNW Milwaukee, 97-3 the Game." Sloppy production on WRNW's part. Poor. **(JJR-MI)**

1400 WKNW MI Sault Saint Marie – 5/22 0737 – 'Steve Gruber Show' with a guest host with talk. Only fit. Poor, with a weak WCCY. **(JJR-MI)**

1400 WZNG TN Shelbyville – 4/29 0427 – Tunes by Billy Joel, ELO and Fleetwood Mac. "100 point 9 and 1400 AM, The Zinger." **(TK-FL)**

1400 WBIZ WI Eau Claire – 5/25 0747 – Phone number '715-43-44XX' given, with contest rules at '987theFan.com.' Poor, over WCCY's open carrier. **(JJR-MI)**

1410 WRMN IL Elgin – 6/5 0132 – Very Good, with PSA for a local senior center. **(NB-WI)**

1410 KLFD **MN Litchfield – 5/25 0751 –** "KLFD AM 1410 and 95.9 FM" into 'Half the Way' by Crystal Gayle. Poor, with no WIZM. **(JJR-MI)**

1450 WMIQ **MI Iron Mountain – 5/24 0734 –** Very poor with "1450 W-M-I-Q." Not common: poor ground conductivity. **(JJR-MI)**

1450 WNBY **MI Newberry – 5/26 0700 –** "Newberry's Number One for news and information," then a Legal ID into ABC News. Poor. **(JJR-MI)**

1450 KATE **MN Albert Lea – 5/23 0706 –** "Kate weather forecast for the Albert Lea area . . ." Poor, but atop, with others. **(JJR-MI)**

1450 KBMW **MN Breckenridge – 5/25 0701 –** Legal ID for AM and their FM translator, then FOX News, then 'KBMW app' promo at **0703**, and into music. Poor. **(JJR-MI)**

1450 WELY **MN Ely – 5/25 0700 –** "WELY, Ely, End of the Road" into 'Tallahassee Lassie' by Freddie Cannon! Back on!! Poor. **(JJR-MI)**

1450 WHRY **WI Hurley – 5/24 0736 –** Very poor, with a jingle for 'Tacconelli's Pizza' into Weatherology, followed by "Oldies 102.9, the Oldies Station." **(JJR-MI)**

1450 WRCE **WI Richland Center – 5/26 0705 –** 'Mike Clemens with sports': Brewers; Mid-West league (only fit). **(JJR-MI)**

1460 KDWA **MN Hastings – 5/22 0716 –** ". . . more news at KDWA.com" in newscast. KXNO in the back. Poor. **(JJR-MI)**

1460 KKAQ **MN Thief River Falls – 5/25 0634 –** "Real Country 1460 and 98.5 FM" between songs. Poor – no KXNO. **(JJR-MI)**

1470 KKTY **WY Douglas – 5/15 0803 –** Congratulations to high school grads from several sponsors, weather forecast, then Huey Lewis music; IDed as "Classic Hits 1470" and "Classic Hits 93.3 FM KKTY." Fair but fadey. **(JW-CO)**

1520 WHOW **IL Clinton – 6/2 2126 –** Hard Rock music, Northwest Indiana ad, no calls into Chicago White Sox game. Poor, but Alone. (Sox lost 13-1). **(JJR-WI)**

1520 WRCI **MI Three Rivers – 5/20 0712 –** "River Country" with C&W, trading with a talker. Rare. Poor . **(JJR-WI)**

1520 WPAY **OH Rossford – 5/24 0627 –** Poor, with talk of pope. Relevant Radio. Alone. **(JJR-MI)**

1520 WZBU **WI New Holstein – 5/25 0634 –** ". . . this is the Brewer's radio network" tone, repeated over three hours! Poor. (JJR-MI)

1530 WLCO **MI Lapeer – 5/23 0718 –** Playing an instrumental version of 'Captain of Her Heart,' then :"Bridge 96.7." Poor, with WCKY in the background. **(JJR-MI)**

1550 WIGN **TN Bristol – 4/29 0917 –** Bluegrass gospel music, "You're listening to the best of Southern Bluegrass Gospel . . . 24/7 around the world . . . 92.1, WIGN." Cheating at 35 kW vs. 6 Watts. **(TK-FL)**

1550 WIGN **TN Bristol – 6/2 2200 –** Poor, with Legal ID: ". . . in Bristol, Virginia and Tennessee . . . " also mentioning "92.1 FM" into 'Unshackled.' No CBEF. **(JJR-WI)**

1570 WBGZ **IL Alton – 5/20 0200-0201 –** Strong, with ID and into local weather. Listed @ 74 Watts. **New here!** **(NB-WI)**

1570 WSCO **WI Appleton – 5/26 0630 –** Poor, with a promo for Dan Patrick ". . . on the Score," after an ad for an area race car track. **(JJR-MI)**

1580 WLIJ **TN Shelbyville – 6/2 2128 –** Poor, but Alone, and in for over 30 minutes. ID: "98-7, 1580 WLIK" and C&W music. **(JJR-WI)**

1580 KLAF **TX Gainesville – 6/5 0600 –** Two songs from the 90s, then Legal ID for the AM and FM translator along with "Hometown Radio" into ABC News. Severe Auroral conditions. Poor, but Alone. **NEW!** **(JJR-MI)**

1600 WAOS **GA Austell – 05/29 2200 –** Mexican music, ID: "La Mejor." Strong with fading, presumably on **daytime power**, and not for the first time. **(EB-AL)**

1600 KATZ **MO St. Louis – 6/2 2129 –** GOSpel music, and "Hallelujah 1600" slogan. Poor, and trading with KGYM. **(JJR-WI)**

1600 KUSH **OK Cushing – 4/30 0631 –** Real C&W, Americana, and Bluegrass vocals. Man: "You're listening to The Kush, 1600 . . . and 101 point five FM, Cushing, Oklahoma . . . . ." Very nice level on occasional peaks. Surprised to catch an Oklahoman on 1600. **First time log.** **(TK-FL)**

660 **MEXICO** XECPR *R.Chan Santa Cruz*, Felipe Carillo Puerto, Q.Roo MAY 12 0923 – Mexitune, Spanish woman slogan ID. [Krueger-FL]

760 **MEXICO** XEABC *R.Cañón*, Los Reyes de la Paz, Edo.Méx. MAY 12 0944 – Convenient slogan ID at tune in, into romántica vocals. [Krueger-FL]

810 unID MAY 20 0643 – Mystery JBA carrier at 810.6 approximately, hetting 810.0 WHB. Its exact frequency varies a little from one log to the next. MAY 31 0630 – Mystery JBA carrier at 810.49 approximately, hetting 810 as I am logging WHB/KLVZ. [Hauser-OK]

940 **MEXICO** XEQ *La Q 940*, México, CDMX MAY 20 0705 – Spanish pop vocals, slogan ID drops. [Krueger-FL]

1030 unID MAY 20 0645 – Nothing but noise. Sounds like regular AM being fed noise and emitting it, rather than IBOC or anything else. [Hauser-OK]

1039.79 **MEXICO** XEPLE *R.Palenque*, Palenque, Chis. MAY 9 0630 – Suspect the source of a persistent het against WHO when pointing SSW/NNE. Offset list at mwlist.org shows recent entries for this at 0.72-0.77. My reading is estimated. Allegedly 5000/500 watts. [Krueger-FL]

1310 **MEXICO** XEC Tijuana, BC MAY 26 1130 – Presumed; fair signal with man talking, numerous mentions of Baja California. [Cooper-CA]

1549.82 unID MAY 23 0615 – Again that JBA carrier hetting 1550.00 stations. Mike in Qro. thinks XEREL is too weak to reach Oklahoma, but I think it's possible as long as it's away from the center frequency pileup. What we need is an exact frequency measurement of XEREL at local or near-local range. Euro DXers have already measured the Peruvian on 1549.82 kHz. MAY 25 0130 – Even on caradio, and this early, the het against 1550s is audible, Mexico, Peru, or what? Can't measure it but sounds about the same pitch I recall on the bigrigs later at night. And adjacent, lower and louder het below 1540 from KGBC Texas as usual but not always. [Hauser-OK]

Travellog: I have a webpage at www.donmooredxer.com/logs/loglinks.html where most of the SDR recordings from my travels are available for download. I just added files made in Peru in February and in the far south of Brazil in May. These could be useful as a way to compare possible IDs, ads, and other programming with what you hear in your own DXing. [Don Moore]

Unreported Stations

No stations were reported to DDXD in this issue for the first time since at least Volume 67 (1999-2000) – the closest we came was WEKR-1240, last reported in Volume 72 in 2005! We still have 153 currently licensed, full-power AM stations in the United States and Canada which have not been reported to DDXD during this time. The last full list was published in issue 91-18 last July and has been updated electronically a couple of times since in *DXtra News*. Can you report one next time?

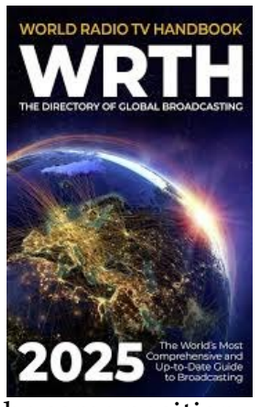
Finding countries and their stations in of recent editions of the World Radio-TV Handbook (WRTH) can be difficult, to the point where several DXers have complained about missing countries. Truth be told, if a Country has a radio station, it is probably there, if you know where to look.

For most NRC members, the best example is probably PJB-800 Bonaire. Page numbers shown below are for WRTH 2025 but they are only for quick reference and are not required to use this method.

The easiest way to begin is to find a known station in the Country, by looking it up by its frequency. WRTH begins with a Table of Contents (page 5). The right sidebar shows sections of the book. Note the position on the page of Frequency Lists, then look at the page edges where you will see dark grey at the same position near the end of the book.



Go to the first page of that section (page 607) where you will find a similar looking page to the Table of Contents. This time, look on the left side of the page under the heading Section Guide. In PJB's case, in the MW listings group, note the page number (page 655) for Central America, Caribbean & Mexico.

Go to that page and turn pages until you find the correct frequency, 800 (page 656) and read the listing:

800 450 BES Trans World R.Bonaire, Kralendijk

BES is the Country Code for PJB.

Back to the Table of Contents (page 5), note the Reference section is the last listed in the right sidebar. If you look carefully at the page edges, you will see dark grey at the same position right at the end of the book. Go to the first page of the Reference section (page 785) and find Country Codes in the Section Guide and go to the page listed (page 788) entitled GEOGRAPHICAL AREA CODES USED IN WRTH. Look up the Country Code, BES in PJB's case, to find the WRTH Country Name, Caribbean Netherlands.

One page previous is the MAIN COUNTRY INDEX. Look up the Country Name, Caribbean Netherlands, and note the first two page numbers in the columns Nat (page 131) and Int (page 565). This is especially relevant in PJB's case as different pieces of information about the station are listed in each section: Nat is in the NATIONAL RADIO section of WRTH and Int is in the INTERNATIONAL RADIO section.

It is with a heavy heart that I am sending my first Muse in a couple of years because I learned several weeks ago about the passing of my friend Chuck Hutton. Although I haven't seen him in person since the 90's, when he moved from Atlanta to Spain and beyond, we did keep in touch occasionally via email. I met Chuck in the summer of 1975 at a pizza place in Decatur, GA and then from there a long relationship began that included DX, photography, and dining out frequently with our wives. Chuck and I also had a number of DXpeditions during the 80's, mostly to my aunt and uncle's farm in Eastern Alabama, Randolph County. There we set up Beverage antennas; the highlight of those trips was logging (and verifying) 3LO on 774 kHz Australia from Alabama in 1985. We also had a common interest in photography and made many trips to the North Georgia mountains and the beautiful waterfalls there. In 1978, we were co-hosts of the NRC Convention here in Atlanta (yes, the one where the hotel was across the street from WSB's 50 kW transmitter/tower)! We got some kidding about that, but all in all, it was a very successful and well-attended convention (over 70 DXers). That was also the convention that had what I believe was the first and possibly only DX Safari. My other late and dear friend Vernon Shearer set up his home-brew low-power transmitter in a nearby office park, and the winner won, of course, a case of Atlanta's Coca-Cola!

I am not nearly as active, DX-wise as back then , but still twirl the dials and have logged a few new ones. I have been experimenting with antennas, and set up a "Super Loop" in the woods behind the house; I am not really satisfied with the results, and plan a redo this fall. I also have acquired an SDR, the Discovery Airspy HF+ but haven't used it to it's potential (I wish I had Chuck here to help me; his technical knowledge was unlimited, just the opposite of me!) Other recent projects have been digitizing my log, and my verie collection. Current totals are 2281 loggings and 1667 verifications. I have about decided that verie-collecting is a lost art, due to the poor (to non-existent) returns, despite including recordings and prepared return cards of late. 73 till next time.

Linda Brodsky, Malverne NY

I recently returned from a two week trip to CO where conditions on the MW band were the worst I've experienced in the 15 years I've been spending time there. I had no time for live listening but made many overnight TOH IQ recordings. The noise level was acceptable, but even the local stations didn't have particularly strong signals. None of the usual stations from beyond the Denver area, except for KOKC showed up. I'll be going back at the end of August and hope things are better then. Back here in NY, it looks like some of my LOG antenna wires need attention. There's been a lot of rabbit activity in the yard and I wouldn't be surprised to find they've pulled on or chewed through a few of them.

FCC Special Authorizations

Many DX references will tell you the power and antenna pattern information for which stations are licensed … but as many as 10 percent of U.S. medium wave stations are operating under "special temporary authority." Normally an STA is granted for a period of six months and can be renewed, and some have been going strong for 10 years or more.

The most common type of STA is for reduced power of one kind or another … due to transmitter issues or other technical problems, stations can be authorized to operate with reduced power. Often, if a station is unable to maintain its directional pattern for some reason, it can be authorized to operate with "parameters at variance" – meaning to broadcast with a non-standard pattern, reducing power as needed to provide the necessary protection to other stations, or with a specified power level. The default is that a station with a directional authorization can broadcast non-directionally at 25% of its authorized power level when necessary, but there are exceptions to the rule.

Increasingly, as land values increase in many locations and the value of AM stations decreases, stations lose their leases on their transmitter sites or just can't afford the market rent increases. Many stations have STAs to operate from alternative sites, often using TIS-style "whip" antennas or old-fashioned longwires or drop-wire antennas from existing towers. And there are a few stations with STAs for higher power, when foreign stations (usually Cuban, but not always) are interfering by operating with higher powers than allowed under international agreements.

Because every STA gets renewed (or not) every 6 months, it gets complicated keeping track of all of them, but here at *DX News* we do our best. Here's our best guess as to the current status (as of Monday, June 9, 2025). But follow AM Switch for the latest updates.
